

VGS AeroLinea® Display Series

unequalled in the industry for its broad range of sizes, formats, décor options and message insert updateability. Its aerodynamic-shaped design offers a distinctive and elegant display series that complements a wide variety of interior decors. Mix & Match from Item Identifiers, CounterToppers®, Poster and Banner Holders along with the highly versatile Standup™ freestanding displays to create your own customized Display System tailored to your unique needs.

With the recent addition of the AeroLinea® Vertical, featuring GripFlex® Technology, Item ID and Countertop displays are double the impact and allow for quick and easy changes. Need a special color, size, shape display or a branded system? The custom options are nearly unlimited with the AeroLinea® series.

Think.
Create.
Experience.

Design, Build & Buy It Online!

Available online at www.vgsonline.com, VGS' unique "builder" wizard prompts you through all the available size, décor, lens layouts and message options and provides a "what you see is what you get" illustration of your custom tailored display. You can even print it out and add it to your shopping cart with a single click.

Update Options You Control!

You're in control with our exclusive MagaLens® system. Simply lift the durable Lexan® cover and install your printed graphic inserts in seconds. Designed for the digital age, VGS fixtures use plain paper inserts you can generate from conventional laser and inkjet printers. And with our Sign-O-Matic™ software, you can design and print your own inserts like a professional!
